

Monsters—Real or Imagined?

The Flathead Lake Monster (Flathead Lake, Montana)

This monster is said to be about ten feet long with three humps. It could be a BIG fish — or a fat skin diver!

The Ogopogo or Naitaka (Okanagan Lake, British Columbia)

A woman who saw this monster while she was water-skiing said it looked like a giant garden hose!

The Champ (Lake Champlain in New York, Vermont, and Canada)

This monster is said to have one to three humps and a huge head with horns and a mane. It's forty feet long and travels about fifteen miles per hour. Or at least that's what people say!
