Jelly Jars

Jada and her friends made jars of jelly.

- They had 2 red berry jars and filled 2 more jars with red berry jelly.
- They have just 1 jar of orange apricot jelly.
- They have 1 more jar of green mint jelly than of apricot jelly.
- They have 1 more jar of purple grape jelly than of green mint jelly.
- The rest of the jars are empty.

How many jars of jelly are filled in all?

How many jars of each kind of jelly do they have?
