I am a strategic reader!

As I read, I . . .

INFER/PREDICT
• look for important information
• look at illustrations
• think about what I know
• think about what I will learn
• think about what will happen next

MONITOR/CLARIFY
• ask myself, “Does this make sense?”
• try “fix ups” like:
  reread
  read ahead
  use a dictionary
  ask for help

SUMMARIZE
• retell the story in my own words
• think about story elements
• think about main ideas and details

EVALUATE
• how I feel about what I read
• if I agree or disagree

QUESTION
• ask questions to answer myself
