

I am a strategic reader!

As I read, I . . .

INFER/PREDICT

- look for important information
- look at illustrations
- think about what I know
- think about what I will learn
- think about what will happen next

MONITOR/CLARIFY

- ask myself, “Does this make sense?”
- try “fix ups” like:
reread
read ahead
use a dictionary
ask for help

SUMMARIZE

- retell the story in my own words
- think about story elements
- think about main ideas and details

EVALUATE

- how I feel about what I read
- if I agree or disagree

QUESTION

- ask questions to answer myself
