

Family Letter for Unit 1

Dear Family,

During the next few weeks, our math class will be learning about numbers through 20, adding and subtracting, and data and graphing. You can expect to see work that provides practice in adding and subtracting single-digit numbers both vertically and horizontally.

As we learn about data and graphing, you may wish to use the following sample as a guide.

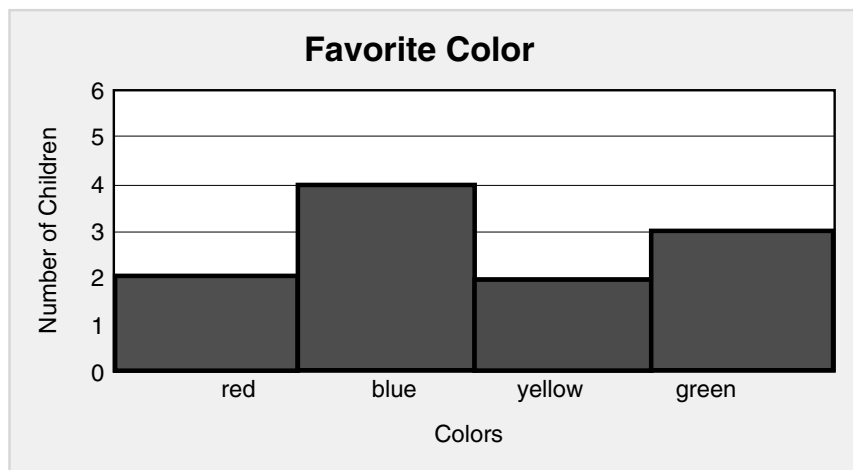

Vocabulary

addend Each of the numbers added in an addition problem.

tally A mark used to record a number.

graph A way to show information.

Use a Graph

How many children chose red?

_____ children

You can use beans or other objects to help children practice counting and writing numbers to 20.

Sincerely,

Your Child's Teacher

Technology

Check out *Education Place* at eduplace.com/maf for the Math Lingo game, e•Glossary, and more games and activities to do together.
