

Name _____ Date _____

Description of Investigation and Student Report
Be an Investigator

Dear Investigator _____,
(name)

I am creating a club for kids who are interested in learning more about wild animals. We want the club to have the name of a wild animal. We have narrowed it down to Sharks, Eagles, and Pandas. I took a survey of the club members to find out which name they wanted for the club. I would like you to display the results of the survey on a graph that I can show the club members. There are club members who are 10 years old and club members who are 11 years old. I would like you to show the results by age. I would also like you to make a recommendation for the name of the club based on the survey results.

Sincerely,

Sandra Lew
