

Problem Solving: Draw a Picture

There are 12 balls and 8 of them are blue.

All the other balls are red.

How many balls are red?

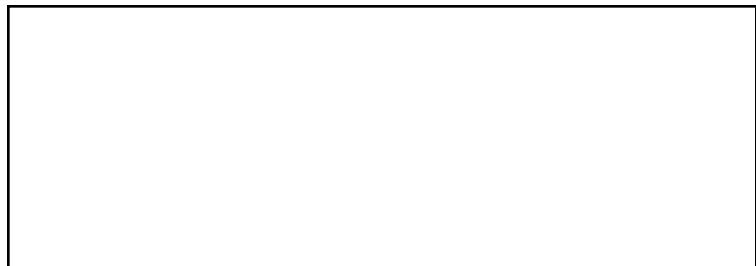

UNDERSTAND

What do I need to find out?

What do I know that can help me?

PLAN

Will I count the balls
or will I draw
a picture?

SOLVE

Color 8 balls blue.
How many are left?
How many balls
are red?

LOOK BACK

Does my answer make sense?
