

# Problem Solving: Use a Graph

How many children will sing and dance in all?

**UNDERSTAND**

What do I need to find out?  
How can I find what I need?

**PLAN**

How many children will sing?  
How many will dance?  
Should I add or subtract the numbers?

**SOLVE**

I will write an addition number sentence.

**LOOK BACK**

How can I check my answer?
