

Just Sort Them All!

Look around your class today.
Find and sort the things I say.
Sort the yellow blocks, sort the blue,
Sort the red and green ones too.
Sort the big blocks, sort the small,
Round and square—just sort them all.
Sort the blocks while you play.
Sort them all another way!

Look around your class today.
Sort the kinds of things I say.
Sort food you eat, sort clothes you wear,
Sort books you read. Look everywhere.
Sort animals, sort plants that grow.
Sort numbers, letters that you know.
Sort paper clips and crayons too.
Sort boys and girls. It's up to you!
