

# Math at Home

## Dear Family,

We are starting a new unit called **Numbers Through 20**. We will read, write, and order numbers through 20. You can help me learn these vocabulary words, and we can do the Math Activity together.

From,

---

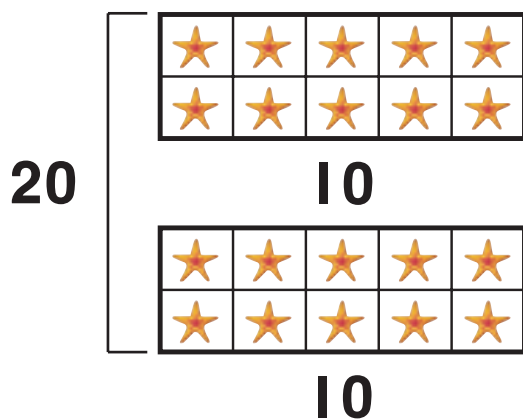

## Vocabulary

**teen numbers** Numbers between 10 and 20.

**11** eleven    **12** twelve    **13** thirteen    **14** fourteen    **15** fifteen

**16** sixteen    **17** seventeen    **18** eighteen    **19** nineteen

**ten frame** A chart to show sets of ten.

**Education Place**

- eGames and Brain Teasers
- Math at Home in other languages

## Family Math Activity

Give your child 13 objects. Have your child make a set of 10 and count on from 10 to find the number. Continue with 14, 15, and 16 objects.

## Literature

These books link to the math in this unit. We can look for them at the library.

- **Bears at the Beach: Counting 10 to 20**  
by Niki Yektai  
(Millbrook Press, 1996)
- **Counting Wildflowers**  
by Bruce McMillan
- **One Moose, Twenty Mice**  
by Clare Beaton
