

# Problem Solving: Create and Solve

**TAKS** Objectives 1, 6  
**TEKS** 1.1A, 1.12A

The chart shows how many seashells the children counted. Each seashell in the chart stands for 2 seashells.

### Seashells We Counted

Seashells Betsy counted	Seashells Bobby counted	Seashells Susan counted

Use the “Seashells We Counted” chart to solve.

1. How many seashells did Betsy count?

\_\_\_\_\_

3. Who counted the greatest number of seashells?

\_\_\_\_\_

5. How many seashells did the children count in all?

\_\_\_\_\_

2. How many seashells did Bobby count?

\_\_\_\_\_

4. Who counted the least number of seashells?

\_\_\_\_\_

6. How many more seashells than Bobby did Susan count?

\_\_\_\_\_
