# Make a Picture Graph

**TAKS Objective 5**  
**TEKS 2.11A**

The chart shows what vehicles the family counted as they drove on their trip.

Use the chart to make a picture graph.

Draw 1  for every 10 vehicles.

Cars	50
Trucks	30
Buses	10
Motorcycles	10

Cars	
Trucks	
Buses	
Motorcycles	

Use the information in the picture graph to answer the questions.

1. How many wheels will you draw to show the buses?

\_\_\_\_\_ wheel

3. How many more cars than trucks did the family count?

\_\_\_\_\_ more cars.

5. Draw what you would add to the picture graph if the family counted 5 more cars.

\_\_\_\_\_

2. How many wheels will you draw to show the cars?

\_\_\_\_\_ wheels

4. How many vehicles in all did the family count?

\_\_\_\_\_ vehicles

6. Which vehicles together equal the same number as the number of cars the family saw?

\_\_\_\_\_, \_\_\_\_\_,

\_\_\_\_\_
