

Subtract Tens on a Hundred Chart

TAKS Objective 2
TEKS 2.5A

Bess, Jonah, Rona, Alvin, Kari, and James use a hundred chart to play a board game. Solve the problems to keep track of their moves.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

1. Jonah puts his marker on number **69**. He picks a game card that reads, "You lose **30** points." On what number should he put his marker?

Hint: Put a marker on **69**.
 Count back **3** tens.

3. Alvin's marker is on number **96**. His game card reads, "You lose **60** points." On what number should Alvin put his marker?

5. Kari's marker is on a number. Her game card reads, "You lose **30** points." Her marker is now on the number **24**. On what number did Kari start?

2. Bess has her marker on number **73**. Her game card read, "You lose **40** points." On what number should Bess put her marker?

Hint: Put a marker on **73**.
 Count back **4** tens.

4. Rona's marker is on number **84**. Her game card reads, "You lose **20** points." On what number should Rona put her marker?

6. James' game card reads, "You lose **40** points." He lands on a number with a **3** in the ones place that is between **20** and **30**. On what number did James start?
