# Regroup Tens

**TAKS Objective 1**  
**TEKS 2.1A, 2.1B**

Solve the problems.

1. Space Creature trading cards come in packs of 10. Rudy has 4 packs of trading cards and 3 extra cards. Jimmy has the same number of cards, but he only has 3 packs of 10. How many of his cards are extra cards?

\_\_\_\_\_ cards

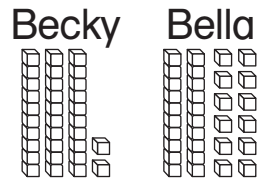

3. Greta buys 6 packs of 10 sheets of "Hi Puppy" writing paper. She has 4 extra sheets. Marta has the same amount of "Hi Puppy" writing paper. She has 14 sheets that are not in a pack. How many packs does Marta have?
