

# Make a Bar Graph

**TAKS Objective 5**  
**TEKS 3.13A, 3.13B**

Make a vertical or horizontal bar graph of the data in this table. Then use the bar graph to answer each question.

NBA Game Wins, 2000–2001	
Team	Number of Games
Atlanta	25
Chicago	15
Denver	40
Houston	45
Miami	50

1. What title did you use?

\_\_\_\_\_

\_\_\_\_\_

3. Which bar on your graph is the shortest? Why?

\_\_\_\_\_

\_\_\_\_\_

5. Which team won half as many games as Miami won?

\_\_\_\_\_

2. What is the greatest number?

\_\_\_\_\_

4. If rounded to the nearest ten, which team had as many wins as Miami?

\_\_\_\_\_

6. If Chicago won 15 more games, how would that change your bar graph?

\_\_\_\_\_

\_\_\_\_\_
