

Regroup to Subtract

TAKS Objective 1
TEKS 3.3A, 3B

Chicago, Illinois, is one of the largest transportation centers in the United States. The table below shows the distances from Chicago to some other major cities in the United States. Use the table to solve each problem.

Driving Distances from Chicago	
City	Number of Miles
Atlanta	674
Boston	963
Dallas	917
Denver	996
New York	802
Philadelphia	738
St. Louis	289
Washington, D.C.	671

- Which city is farther from Chicago, Atlanta or Dallas? How much farther?

- How many more miles is it from Chicago to New York than it is from Chicago to Philadelphia?

- Which city in the table is closest to Chicago? Which city is farthest? What is the difference in the number of miles for those two cities?

- Which city is closer to Chicago, Boston or Washington, D.C? How much closer?

- Brenda lives in New York. Her sister Phyllis lives in Atlanta. They both are driving to Chicago for a family reunion. Which sister will have to drive more miles to attend the reunion? How many more miles?

- Phyllis's cousin Matthew is going to the same Chicago reunion. He lives in Dallas. Will he have to travel farther than Brenda? How much farther?
