

Problem Solving: Solve a Simpler Problem

TAKS Objective 6
TEKS 3.14C

Solve each problem.

1. Joe's cat is 6 years old. Wanda's cat is 12 years old. How much older is Wanda's cat than Joe's cat?

3. Ellen goes riding on her horse 3 miles out and 3 miles back. She does this 3 times each week. How many miles does she ride her horse weekly?

5. The animal shelter has 120 dogs, rabbits, and cats. There are 45 dogs and 32 rabbits at the shelter. How many cats are there?

2. Pedro walks his dog twice a day. He walks her for 15 minutes in the morning and 25 minutes in the evening. How many minutes does he walk his dog each day?

4. Al's family has a dog, 3 cats, a billy goat, and 2 parakeets. Rose's family has 3 more pets than Al's family. How many pets does her family have?

6. The animal shelter is open from 9 A.M.–12 noon and 1 P.M.–5 P.M. on Monday, Wednesday, and Friday. It is open from 9 A.M.–12 noon on Saturday. How many hours is it open each week?
