

# Hands On: Conduct a Survey

**TAKS Objective 5**  
**TEKS 5.13C**

The table shows the results of a survey of a fifth grade class.

Pet	Number of Students With Pet
Dog	
Cat	
Rabbit	
Hamster	
Guinea pig	

Use the table to solve.

1. Which pet do the fewest students have?

\_\_\_\_\_

3. How many more students have dogs than hamsters?

\_\_\_\_\_

5. Suppose there are 22 students in the class. What does that tell you about the table?

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

2. Which pet do the most students have?

\_\_\_\_\_

4. What is the frequency for each pet?

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

6. Can you tell the number of pets that each student in the class has? Explain.

\_\_\_\_\_

\_\_\_\_\_
