Challenge

Count On

Write the equation for each story problem.

Then count on to solve.

1. Tya is 7 years old. How old will she be in 2 years?

7 + 2 = 9 9 years old

2. It is July 4. Chris is going to a soccer game in 6 days. What is the date of the soccer game?

4 + 6 = 10 July 10

3. Mrs. Ruiz put 4 roses in a vase. She added 4 more. How many roses are in the vase?

4 + 4 = 8 8 roses

4. Jovanna scored 3 points in round one and 6 points in round two. How many points did she score in all?

3 + 6 = 9 9 points

5. **Explain Your Thinking** If you add 0 to a number, how do you count on?

You do not count on because adding 0 means adding nothing to a number.
