

## Challenge

### Getting More

Solve. Show your work.

1. Bob has **3** cards.  
He takes **4** more cards.  
How many cards does Bob have now?

\_\_\_\_\_  
label

2. Barb has **6** quarters.  
Her mother gives her **3** more quarters.  
How many quarters does Barb have now?

\_\_\_\_\_  
label

3. There are **4** people in Eric's family.  
They will have **5** guests for dinner.  
How many people will be at dinner?

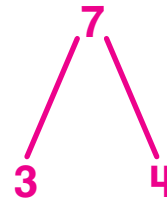

\_\_\_\_\_  
label

4. **Write Your Own** On a separate sheet of paper, write your own story problem about getting more. Then solve.

**Challenge****Getting More**Solve. Show your work. **Solution methods may vary.**

1. Bob has **3** cards.  
He takes **4** more cards.  
How many cards does Bob have now?

**7**           **cards**            
label

2. Barb has **6** quarters.  
Her mother gives her **3** more quarters.  
How many quarters does Barb have now?

**9**           **quarters**            
label

$$\begin{array}{r} 6 \\ +3 \\ \hline 9 \end{array}$$

3. There are **4** people in Eric's family.  
They will have **5** guests for dinner.  
How many people will be at dinner?

**9**           **people**            
label

$$4 + 5 = 9$$

4. **Write Your Own** On a separate sheet of paper, write your own story problem about getting more. Then solve.

**Check children's work.**
