Eye on the Prize

José has 2 spinners. To win the game, the total of his 2 spins must equal the total. Draw an arrow on the second spinner to show what number José must spin to win.

1. Total: 8

2. Total: 7

3. Total: 9

4. More Than One Answer  In the next game, José needs a total of 10 to win. Using spinners like the one in problem 3, write the different numbers José could spin to win.
