Lunch Money

Solve the story problems. Then draw coins to show the amount. Use at least 1 quarter, 1 dime, 1 nickel, and 1 penny.

1. Alicia buys an apple for 45¢. Then she buys juice for 37¢. How much money does she spend altogether?

   

2. Billy buys a bottle of water for 49¢. Then he buys some grapes for 42¢. How much money does Billy spend altogether?

   

3. Riley buys 2 milks. They are 27¢ each. How much does he spend altogether?
