

Challenge

Make a Story Problem

1. Read the problem.

Brett picked apples and
put 6 in a box.

Jan put in some, too.

2. Make a math drawing to
show what happened.

3. Ring the most reasonable
answer in the box.

There are more apples.

An apple is next in the pattern.

There are fewer apples.

4. Write your own story problem and solve.

Challenge

Make a Story Problem

1. Read the problem.

Brett picked apples and
put 6 in a box.

Jan put in some, too.

2. Make a math drawing to
show what happened.

3. Ring the most reasonable
answer in the box.

4. Write your own story problem and solve.

**Drawings will vary.
Check children's work.
Possible drawing:**

○ ○ ○ ○ ○ ○ + ○ ○ ○

B

J

There are more apples.

An apple is next in the pattern.

There are fewer apples.

Story problems will vary. Check children's work.
