### It's a Date

You can use counting on to find dates on a calendar. School starts on September 4. Ring that number on the calendar.

| S  | M  | T  | W  | T  | F  | S  |
|----|----|----|----|----|----|----|
|    |    |    |    |    | 1  | 2  |
| 3  | 4  | 5  | 6  | 7  | 8  | 9  |
| 10 | 11 | 12 | 13 | 14 | 15 | 16 |
| 17 | 18 | 19 | 20 | 21 | 22 | 23 |
| 24 | 25 | 26 | 27 | 28 | 29 | 30 |

- Risa plans to go to the library 3 days after school starts. Ring the date she will go to the library. What date will that be? September 7
- Risa plans to visit her grandmother 2 days after going to the library. Ring the date of her visit. What date will that be? September 9
- Six days after her visit is her friend's cookout. Ring the date of the cookout. What date will that be? September 15
- How many days after the cookout is September 21? 6 days

- Explain Your Thinking** Write how you found the number of days in exercise 4.

Answers will vary. Check children's work. Possible answer:

I started on September 15 and began counting

on until I landed on September 21. It is 6 days after.
