

Challenge

Doubles Plus 1 Totals

At some bakeries, when you order 12 items, or 1 dozen, you will get 13 items. This is called a *baker's dozen*.

What is the doubles plus 1 addition equation for a baker's dozen?

The table shows how many muffins Mona's Muffin Shop sold on Friday. Complete the table by writing the doubles plus 1 equation for each type of muffin.

Muffin Flavor	Number	Doubles Plus 1 Equation
Banana	7	_____
Cranberry	19	_____
Pumpkin	11	_____
Bran	17	_____
Apple Cinnamon	9	_____
Blueberry	15	_____

Doubles Plus 1 Totals

At some bakeries, when you order 12 items, or 1 dozen, you will get 13 items. This is called a *baker's dozen*.

What is the doubles plus 1 addition equation for a baker's dozen?

$$\underline{6 + 7 = 13}$$

The table shows how many muffins Mona's Muffin Shop sold on Friday. Complete the table by writing the doubles plus 1 equation for each type of muffin.

Muffin Flavor	Number	Doubles Plus 1 Equation
Banana	7	$\underline{3 + 4 = 7}$
Cranberry	19	$\underline{9 + 10 = 19}$
Pumpkin	11	$\underline{5 + 6 = 11}$
Bran	17	$\underline{8 + 9 = 17}$
Apple Cinnamon	9	$\underline{4 + 5 = 9}$
Blueberry	15	$\underline{7 + 8 = 15}$
