

Challenge

Centimeters and Meters

Animals come in many sizes. The largest is the blue whale. It can be over 30 meters long!

Read the lengths of the animal.

Look at a centimeter ruler and meter stick.

Ring the better estimate.

1. A mouse 17 cm 47 cm

2. An alligator 3 m 35 m

3. A fox 72 cm 5 m

4. A snapping turtle 7 m 37 cm

5. A cat 3 m 30 cm

6. **Connect It** Order the lengths of the animals from longest to shortest.
