

Name _____ Date _____

Letter to Family

Dear Family,

I would like you and your child to find a small box that you don't need anymore. Trace around one of the rectangular faces (sides) of the box on a plain piece of paper using a pencil. Label the box and the piece of paper with the tracing on it with your child's name.

In class we will use the boxes and the tracings to help the children think visually. The children will make predictions of which tracings came from which boxes. After they have had a chance to predict, I'll have a volunteer position the box to show how it matches the tracing.

Your child needs to bring this to school by _____
(date)

Thank you for your help.

Sincerely,
