**Letter to Family**

Dear Family,

I would like you to do a paper folding activity with your child. Together you and your child should take a rectangular piece of blank paper and either fold it in half or fold it into fourths.

In class, the children will look at all the pieces of paper that have been brought in and put them into two groups, those pieces of paper that have been folded in half and those pieces of paper that have been folded into four equal parts.

Your child needs to bring this to school by \_\_\_\_\_.  
(date)

Thank you for your help.

Sincerely,
