

Name _____ Date _____

Description of Investigation and Student Report
Be an Investigator

Look at three containers. Estimate how many cups of water will fill one of the containers. Then fill the container with water one cup at a time. Count the number of cups that it takes to fill the container. Compare your count with your estimate. Repeat with the other two containers.

Use the information in your chart to complete the sentences.

Name _____ Date _____

Be an Investigator
Student Report

Container	Estimate	Actual
A	_____ cups	_____ cups
B	_____ cups	_____ cups
C	_____ cups	_____ cups

Write **more than**, **less than**, or **about the same** as to complete the sentences.
