

Name _____ Date _____

Activity

Play a "foul-shooting" game with your group. You can use a wastebasket for the "basket." Use a piece of paper to make a "ball." Have each member of your group try five times to make a basket. Make a tally chart showing how many times the ball goes in the basket, how many times the ball hits the rim, and how many times the ball does not hit the basket at all.

Foul-Shooting Game

Result	Tally	Number
Ball Goes In		
Ball Hits the Rim		
Ball Does Not Hit the Basket at All
