

Name _____ Date _____

Description of Investigation and Student Report
Be an Investigator

Dear Investigator _____,
(name)

I am writing an article for our newspaper about the weather where we live and how it compares to the weather in other locations. I would like you to take the temperature outside each day for seven days in a row at the same time each day. I would also like you to find the temperature each day in Plateau Station, Antarctica, and Death Valley, California. I would like you to write a short paragraph about the temperature where we live and the temperatures at Plateau Station, Antarctica, and Death Valley, California.

Sincerely,
LaToya Smith
Editor, The Daily Sun

Name _____ Date _____

**Be an Investigator
Student Report**

Dear Ms. Smith,

Here is the information that I found for you.

Day	Temperature Here	Temperature Plateau Station, Antarctica	Temperature, Death Valley, CA

Here is the paragraph I wrote for you to include in the article.
