Be an Investigator

Dear Investigator _____,
(name)

Have you ever noticed how many fonts there are to choose from on a computer? By font, I mean the style and look of each of the letters of the alphabet.

I need a new font for my printing company, and I would like you to design one for me. I would like you to draw each capital letter of the font very large on an 8 1/2" x 11" piece of paper. I would also like you to give the measure of each angle in a particular letter, for example, the letter M. For letters such as O, you most likely would not have any angles. Just do the capital letters for now.

Thanks so much for your help on this. I am looking forward to seeing this new font.

Sincerely,
Sophie Jensen
