**Description of Investigation and Student Report**  
**Be an Investigator**

The editor of a magazine is writing an article about the history of flight. She would like to give the readers some information about the increase in speed of airplanes over the years. She would like you to find the speed of some of the famous airplane flights in the first half of the nineteenth century.

Name \_\_\_\_\_ Date \_\_\_\_\_

**Data Sheet**

<b>Date</b>	<b>Name</b>	<b>Flight</b>	<b>Distance</b>	<b>Length of Time</b>
