**Problem**

Look at the table on page 442. What percent of the total music sales are not accounted for? Make up percent data for the missing amount using at least three more music categories. What fraction of the total sales does each new category represent?

**Music Sales in 2000**

Type of Music	Percent of Total
Classical	3
Country	11
Pop	11
Rap/Hip Hop	13
Rock	25
