

Name _____ Date _____

Problem

Find the winning times for the Boston Marathon wheelchair race every year since 2000. Round the times to the nearest minute. Use positive and negative integers to express the change in the winning times from one year to the next. What is the difference between the most recent winning time and Jean Driscoll's time in 1990 (1 hour, 43 minutes, 17 seconds)?

Name _____ Date _____

Data Sheet**Men's Wheelchair Champions**

Year	Name	Home	Time (Hours:Minutes:Seconds)
