

Name _____ Date _____

Description of Investigation and Student Report
Be an Investigator

You are an assistant to a weather person at a TV station. People call the station with questions about the weather. Your job is to answer some of the questions. There is a graph that you can use to help you answer this set of questions.

Information**Questions:**

Jane: What was the total rainfall for the week of March 10?

Ed: For the week of March 10, what was the difference between the amount of rain on the day with the most rainfall and the day with the least rainfall?

Lupe: Which was greater, the amount of rainfall on Monday and Tuesday or the amount of rainfall on Saturday and Sunday?
