

# **Problem-Solving Application: Interpret Remainders**

**Problem** Peter has 58 photos to put in an album. He puts 5 photos on each page. How many pages will he need for all 58 photos?

**Show your work.**

1. For the above problem, what does the quotient of  $58 \div 5$  tell you?

---

---

---

2. What is the remainder? How do you use the remainder to find the answer?

---

---

3. How many pages does Peter need?

---

4. How many of the pages are full? How do you know?

---

---
