Surface Area

The surface of an object is the outside of it.

The surface of this box is covered with paper and a ribbon. Inside the box is a gift.

Circle the picture that answers each question.

1. Which vessel travels on the surface of the ocean?

2. Which object covers the surface of a table?

3. Which could you spread on the surface of a piece of bread?

4. Which could cover the whole surface of your bed?

5. Which picture shows the surface of an orange?
