Snowflake Worksheet**Folding Instructions:**

1. Cut out the circle.
2. Fold the circle along the lines you drew this way:
First fold it the circle in half. Keep it folded and fold it again—this time into thirds. You should be holding what looks like a central angle of a circle.
3. Cut off the rounded part of the central angle with one straight cut.
You should be holding what looks like a triangle.
4. Make as many cuts as you like through the sides of the triangle.
5. Unfold to see your six-sided snowflake!
