

# Write a Number Sentence

**CA Standards**  
AF 1.2, MR 2.1

## Read It Look for information.

Quinten has 7 red cars. Sam has 4 yellow cars. How many cars do they have altogether?

## Solve It Make a model to solve the problem.

_____ cars altogether	
7 cars	4 cars

1. Circle the sign you would use.

**+**                      -

2. Write a number sentence.

\_\_\_\_\_ + \_\_\_\_\_ = \_\_\_\_\_

3. How many cars do they have altogether? \_\_\_\_\_ cars

**Writing and Reasoning** Explain why you chose to either add or subtract.
