## Reasonable Answers

CA Standards  
KEY NS 2.2, NS 1.0

Sometimes answers that are given are not reasonable.

Marcia has the most pets of any one in her class and she has 10 pets. How many pets does Tina have?

5

10

15

Marcia has the most pets. So Tina has to have less than 10 pets. Only the number 5 is reasonable.

1. Juan is a little older than Felix, and Robert is much older than Juan. If Robert is 20 years old and Felix is 7 years old, how old is Juan?

8 years

18 years

25 years

2. The theme park sells as many adult tickets as senior tickets, and many more children's tickets. If the park sells 40 senior tickets, how many children's tickets get sold?

30

45

80

**Writing and Reasoning** The Giants have more victories than the Padres and the Mets combined. If the Giants have 93 wins and the Mets have 44 wins, how many wins do the Padres have? Explain your answer.

48 wins

49 wins

50 wins
