

Add and Subtract Money

CA Standards
KEY NS 5.2, KEY NS 2.2

You add and subtract money the same way you add and subtract two-digit numbers.

Add.

$$\begin{array}{r} | \\ 35 \\ + 16 \\ \hline 51 \end{array}$$

$$\begin{array}{r} | \\ 35\text{¢} \\ + 16\text{¢} \\ \hline 51\text{¢} \end{array}$$

Subtract.

$$\begin{array}{r} 215 \\ \cancel{35} \\ - 16 \\ \hline 19 \end{array}$$

$$\begin{array}{r} 215 \\ \cancel{35\text{¢}} \\ - 16\text{¢} \\ \hline 19\text{¢} \end{array}$$

Add or Subtract.

1.
$$\begin{array}{r} 50\text{¢} \\ - 25\text{¢} \\ \hline \end{array}$$

2.
$$\begin{array}{r} 56\text{¢} \\ + 15\text{¢} \\ \hline \end{array}$$

3.
$$\begin{array}{r} 92\text{¢} \\ + 3\text{¢} \\ \hline \end{array}$$

4.
$$\begin{array}{r} 53\text{¢} \\ - 36\text{¢} \\ \hline \end{array}$$

Rewrite the numbers. Then add or subtract.

5. $42\text{¢} + 29\text{¢}$ 6. $25\text{¢} - 15\text{¢}$ 7. $81\text{¢} + 14\text{¢}$ 8. $77\text{¢} - 7\text{¢}$

Writing and Reasoning When you want to add and subtract money and you have mixed dollars and cents, what will help solve the problem?
