

Draw a Picture

CA Standards
KEY NS 4.2, MR 1.2

You can draw a picture to help you solve a problem.

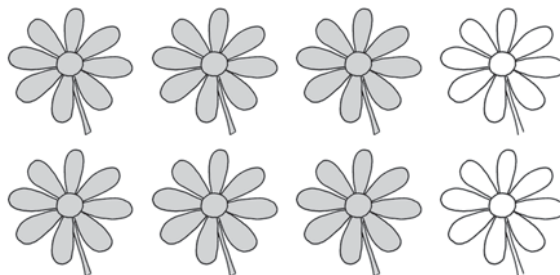

James picks 8 flowers from his garden.

He gives 6 flowers to Mary.

What fraction of the flowers does he give to Mary?

James gives $\frac{6}{8}$ of the flowers to Mary.

Draw a picture.

$$\frac{6 \text{ flowers given to Mary}}{8 \text{ flowers picked in all}}$$

Solve each problem. Draw a picture to help you.
