What We’re Learning

During the next few weeks, our math class will be learning addition and subtraction facts with sums and differences through 10.

You can expect to see work that provides practice with addition and subtraction facts.

As we learn about related facts and fact families, you may wish to use the following sample as a guide.

Vocabulary

- **addend** Each of the numbers added in an addition problem.
- **sum** The answer to an addition problem.
- **difference** The answer to a subtraction problem.
- **fact family** Related addition and subtraction facts.

Guiding Your Child

**Related Facts**

\[
8 + 1 = 9 \\
9 - 1 = 8
\]

**Fact Family**

\[
\begin{array}{cccc}
7 & 3 & 10 & 10 \\
+ 3 & + 7 & - 3 & - 7 \\
10 & 10 & 7 & 3
\end{array}
\]

Knowing addition facts can help children learn the related subtraction facts.

Sincerely,

Your child’s teacher
