What We’re Learning

During the next few weeks, our math class will be learning about data by using charts and graphs.

You can expect to see work that provides practice with charts and graphs. You may wish to use the following sample as a guide.

Vocabulary

- **tally mark** A mark used to record a number.
- **picture graph** A graph that uses pictures to show information.
- **bar graph** A graph that uses bars to show information.
