What We’re Learning

During the next few weeks, our math class will be learning about money.

You can expect to see work that provides practice with counting money amounts, using pennies, nickels, dimes, and quarters.

As we learn about money, you may wish to use the following samples as a guide.

Vocabulary

- **penny** A coin worth 1 cent.
- **nickel** A coin worth 5 cents.
- **dime** A coin worth 10 cents.
- **quarter** A coin worth 25 cents.

Guiding Your Child

**Money**

![Generic money images]

1 penny 1¢
1 nickel 5¢
1 dime 10¢
1 quarter 25¢

Knowing how to count money can help children with real-life skills.

Sincerely,

Your child’s teacher
