What We’re Learning

During the next few weeks, our math class will be learning and practicing patterns. We will identify patterns by color, size, and shape.

Following each lesson, there is an At-Home activity for you to do with your child to provide practice with describing, extending, and drawing patterns.

As we learn to find and extend patterns, you may wish to use the following sample as a guide.

Vocabulary

- **pattern** Objects, pictures, or numbers that repeat according to a rule.

Guiding Your Child

**Examples of Patterns**

<p>| | | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>AB</td>
<td>ABC</td>
<td>ABB</td>
</tr>
<tr>
<td>![Circle pattern]</td>
<td>![Triangle and circle pattern]</td>
<td>![Square pattern]</td>
</tr>
</tbody>
</table>

Sincerely,

Your child’s teacher
