

Newsletter — In the City, In the Country

Dear Family,

During this theme, _____ will use cubes or counting bears to show combining or separating stories. We will also compare weight and capacity. You can help your child learn more by talking about the things she/he is doing at school. Here are some ways that you can work with your child at home.

**Think
Talk &**

You have ten pieces of pasta. Show ten pieces. You eat five pieces. Remove five pieces. How many are left?

Home Activities

Reading Together

Children will listen to the story *Apple Farmer Annie* during this theme. Ask your child to name things Annie makes with her apples to sell at the market. Read other stories about buying and selling things with your child.

Numbers

When you take a walk or travel in a car or on public transportation, have your child look for numerals. Help her/him look on license plates, buildings, or signs.

What I Learned

Here is a note from your child and her/his teacher.
