

Dear Family,

This week \_\_\_\_\_ will revisit what he/she has learned this year. Using the topic “Off to Kindergarten!” we will read stories about things he/she can do now and what he/she will do in Kindergarten. You can help your child learn more by talking with him/her about the things he/she is doing at school and the new letters and words that he/she is learning. Here are some ways that you can work with your child at home.

### Think Talk &

What letters do you know? Let's say the alphabet together.  
What numbers do you know? Let's count to ten together.  
What is your favorite thing to do at school?

### Home Activities

#### ***Kk* Collage**

Write *Kk* at the top of a large piece of paper. Help your child find pictures of objects whose names begin with *Kk* in newspapers, catalogs, and magazines. Make a collage with the pictures. You can also draw your own pictures.

#### **Shape Books**

Have your child draw shapes on pieces of drawing or construction paper. Staple the pages together to make a shape book. Your child can color or decorate each shape. Encourage her/him to name each one.

### What I Learned

Here is a note from your child and her/his teacher.
