WEEK 3

Welcome to School!

Dear Family,

This week \_\_\_\_\_ will learn about school. Using the topic “Our Happy Classroom,” we will read stories about the many things we see and do at school. You can help your child learn more by talking with her/him about the things he/she is doing at school and the new letters and words that he/she is learning. Here are some ways that you can work with your child at home.

**Think  
Talk &**

- What story did you read today?
- What was the story about?
- What shapes did you learn about?
- Do you see any shapes at home? Where?

## Home Activities

### Name the Letters

Write the alphabet on a long strip of paper. Chant or sing the alphabet song as you point to each letter. Write the letters in your child’s first name on index cards. Help your child identify each letter and match it to the appropriate letter on the alphabet strip.

### Shape Hunt

Cut a rectangle, a circle, and a triangle out of construction paper. Have your child trace and name each shape. Take a walk around your neighborhood and look for these shapes on signs, houses, trees, or flowers.

## What I Learned

Here is a note from your child and her/his teacher.
